

Visa Europe Merchant Agent List

Effective May 2019

All the Merchant Agents listed below have successfully completed a Merchant Agent Registration Form (MARF). The listed Merchant Agents have validated Payment Card Industry Data Security Standard (PCI DSS) compliance for the services indicated unless they have confirmed their services are out of scope of PCI DSS (see validation method).¹

The validation date is when the Merchant Agent was last PCI DSS validated. PCI DSS assessments are valid for one year, with the next annual PCI DSS validation due one year from the validation date. PCI DSS revalidations that are 1 to 30 days late are noted in orange, and PCI DSS revalidations that are 31 to 60 days late are noted in red. Merchant Agent with PCI DSS revalidations over 60 days past due will be removed from the list.

It is the Merchant's responsibility to use a PCI DSS compliant Merchant Agent and to follow up with Merchant Agent if there are any questions about their validation status.

List of Visa Inc. certified service providers

The list of service providers that have been certified by Visa Inc. can be found on its website, via this link: http://usa.visa.com/merchants/risk_management/cisp.html

¹ A PCI DSS assessment only represents a 'snapshot' of the security in place at the time of the review, and does not guarantee that those security controls remain in place after the review is complete. These reviews do not cover proprietary software solutions that may be used or sold by these service providers.

Inclusion on this list indicates that the Merchant Agent successfully completed a Merchant Agent Registration Form (MARF) and where applicable validated their PCI DSS compliance. Visa Europe does not endorse the Merchant Agent or their business processes or practices.

Visa Europe has no duty to members, merchants, processors or other third parties to obtain or review PCI DSS validation documents from any party required to submit PCI DSS validation documents, and Visa Europe is not responsible to any party for the timeliness, accuracy or completeness of any these documents. Visa Europe reserves the right to remove a Merchant Agent from this list should there be any questions relating to their PCI DSS compliance. Appearance on this list does not imply that a Merchant Agent is fully compliant and removal from this list does not imply that a Merchant Agent is not compliant or been compromised.

² The services may have been PCI DSS validated by a Qualified Security Assessor (QSA), Self-Assessment Questionnaire (SAQ) or confirmed as out of scope of PCI DSS. To determine this, refer to the validation method column.

³ The validation date is the month and year of the most recent PCI DSS SAQ or Report on Compliance (ROC) date.
